Am I required to get a referral from my school's Health Services before I seek treatment off campus?

No, a referral is not required with the Student Health Insurance Plan, but there are many benefits to first seeking care or advice from Health Services. Students should be aware that on-campus Health Services are available to them. Your school's Health Services website is: <http://www.bluefield.edu/student-life/health-services>.

Does this plan cover me when I am off campus, traveling or studying abroad?

Yes, the Student Health Insurance Plan covers you during semester breaks, summer vacation and even if you're traveling or studying abroad. You'll be covered for the period for which you are enrolled and premiums are paid.

In addition to being covered for medical treatment and services, you will also be covered for Emergency Medical Evacuation, Repatriation of Remains, Security and Political Evacuation, Natural Disaster Evacuation and 24-hour worldwide travel assistance services through UnitedHealthcare Global. All services must be arranged for in advance and provided by UnitedHealthcare Global. Any services not arranged by UnitedHealthcare Global will not be considered for payment.

- When studying or traveling abroad, keep your Student Health Insurance ID card with you and take a copy of the brochure for reference.
- When outside of the United States, you will likely be asked to pay for your medical care first and will then need to submit for reimbursement. Covered Expenses will likely be reimbursed on an Out-of-Network basis.
- When you submit claims for reimbursement, you will need to have the itemized bill(s) translated into English and include a letter informing the claims administrator that you are seeking reimbursement for charges previously paid.
- Please ensure that your name, ID number, address (to receive your reimbursement check), and your school's name are on the bill.

Will I be covered under the plan after I graduate?

You will be covered under the Student Health Insurance Plan until the end of the policy period for which you are enrolled and premium has been paid. If you enrolled and paid for annual or spring/summer coverage and graduate in the Spring, you will be covered until the end of the policy year.

International students who are graduating in December and returning to their home country have the option of terminating their coverage for the spring/summer semester.

Eligibility, Enrollment & Waiving

Who is eligible for the plan?

All undergraduates taking 6 or more credit hours are automatically enrolled in and billed for the Student Health Insurance Plan unless proof of comparable coverage is received by the deadline.

All full-time international students are automatically enrolled in and billed for the Student Health Insurance Plan on a mandatory basis and cannot waive coverage.

Students must actively attend classes for at least the first 31 days after the effective date of the period for which coverage is purchased. Home study, correspondence, and online courses do not fulfill this requirement.

Can I enroll my eligible dependents?

The Student Health Insurance Plan does not provide coverage for dependents.

How does Health Care Reform affect the Student Health Insurance Plan?

If you are under the age of 26, you MAY be eligible to enroll as a dependent under the employer health insurance plan held by your parent(s). However, before you do so, you should fully compare the employer plan against this Student Health Insurance Plan to determine which plan's rates, benefits and coverage are most appropriate for you. It is not uncommon for employer plans or even plans purchased through the state or federal Exchange to offer plans with deductibles greater than the annual cost of the Student Health Insurance Plan.

It's also important to note your school-sponsored Student Health Insurance Plan (SHIP) is compliant with Health Care Reform and the Affordable Care Act (ACA). It meets all state and federal mandates and satisfies the individual mandate for health insurance as required by federal law. Enrollment in your school's SHIP each year means you will not be subject to federal income tax penalties for being uninsured or underinsured.

In addition, ACA-compliance means the SHIP provides specific essential health benefits such as certain preventive care services such as annual physical and GYN exams, and covers pre-existing conditions without any waiting period. To learn more about covered preventive services, go to <https://www.healthcare.gov/coverage/preventive-care-benefits/>.

Recently, changes in the Marketplace have resulted in a growing number of limited-provider networks and small, regional HMO networks. While it is important that you not only have health insurance coverage available to meet the waiver requirement, it is equally important that your alternative health insurance plan has participating providers and facilities in the area where you are attending school.

What is considered ‘comparable coverage’?

The level of benefits provided through your health insurance plan must be fully-compliant with the Affordable Care Act (ACA) and meet or exceed the benefits provided through the school-sponsored Student Health Insurance Plan (SHIP). Coverage is considered comparable if it provides students with access to local providers and a range of services in and around the area where you attend school. Services include, but are not limited to, preventive and non-urgent care, emergency care, surgical care, inpatient and outpatient hospitalization, lab work, diagnostic x-rays, physical therapy and chiropractic care, prescription drugs, mental health and substance abuse treatment. If your current plan is an HMO, it is very likely that coverage is limited, or not available, outside of the HMO’s service area.

Before deciding whether or not to waive coverage, compare your current health insurance plan to the SHIP to look at cost-sharing levels (deductibles and coinsurance) and access to In-Network Providers. The amount of your current plan’s deductible and In-Network and Out-of-Network coinsurance may result in high out-of-pocket costs.

Plans that are not considered comparable include: plans that only provide emergency services in the campus area, plans that are purchased on a short term basis, plans that are international or travel insurance, or out-of-state Medicaid plans.

Can I waive the Student Health Insurance Plan with any of the insurance plans offered through my State’s Marketplace?

Students are eligible for the insurance plans offered through their home state’s Marketplace. If you are a resident of the state in which you are attending school and are enrolled in a plan purchased through the Marketplace, you may be able to waive the Student Health Insurance Plan. Please review these plans carefully. Many of these plans will have a deductible greater than the deductibles on the Student Health Insurance Plan which will increase your out-of-pocket costs. Also, many of these plans are HMOs with restrictive provider networks so, look at the provider network to be sure that In-Network Providers are located near your campus.

If you are an international student, it’s important to realize purchasing a subsidized plan through the Marketplace may jeopardize your visa status.

Please note, choosing to enroll in a State Marketplace plan mid-year is not considered a qualifying event that would allow you to terminate enrollment in the Student Health Insurance Plan.

Is there anything I need to know before waiving coverage?

Before waiving coverage you should review your current policy, considering the following:

- Is your plan fully compliant with the Affordable Care Act? (reference “What is considered Comparable Coverage” question above)
- Will your current plan cover medical care beyond emergency services (i.e. doctor’s office visits, diagnostic testing, x-rays, prescription drugs, mental health, etc.) on- and off-campus?
- Does your plan have doctors and hospitals near campus?
- If you plan to travel elsewhere during the course of the year, does your coverage extend to these areas as well?
- Check the cost -- is the annual cost of this Student Health Insurance Plan less expensive than the cost of being added as a dependent to your parents’ plan? Be sure to compare deductibles and total out-of-pocket costs, not just the annual premium.
- Are there administrative pre-requirements, pre-certification, or Primary Care Physician referrals required under your current plan that may delay receipt of care?

Please Note:

- International students are enrolled on a mandatory basis and cannot waive coverage.

- Students who do not complete a waiver form by the published deadline will be automatically enrolled in and billed for the Student Health Insurance Plan.
- Once eligibility is met, you are enrolled for the remainder of the policy and cannot waive later in the year.
- If you choose to waive coverage, there will not be another opportunity to enroll in the Plan until the following plan year unless you experience a qualifying event.
- It is recommended that all students submit an online form, whether enrolling or waiving.

Can I enroll in the Student Health Insurance Plan if I lose coverage under the plan I waived with?

Yes, students who waive the Student Health Insurance Plan, and then lose coverage under that plan, may submit a Petition to Add form. The form can be found on the Gallagher Student Health & Special Risk website for your school under the 'Petition to Add' link on the left side of the page. Make sure you read the form carefully as it contains very specific information on the Petition to Add process.

Once I'm enrolled in the Student Health Insurance Plan, can I terminate coverage? Can I get a refund?

No, once you're enrolled in the Student Health Insurance Plan, you will remain enrolled in it for that period of coverage. There is no option to terminate the Student Health Insurance Plan due to being eligible or enrolling in another plan due to gaining coverage through marriage, or as a dependent on a family's plan or purchasing private insurance coverage. A pro-rated refund of premium is only permitted when a student enters the armed forces.
